W. R. HEARST CHAMPIONS SAN FRANCISCO'S CAUSE
In Ringing Interview, Characterized by Square Dealing, He Emphasizes Right of Phoenix City to Fair
WASHINGTON, Jan. 30.—The following statement was sent to the Washington Post by William Randolph Hearst: "San Francisco will get the fair and it will get it because of the essential justice of her claims for this particular exposition at this particular time."
"I can see no sectionalism in the contest for the fair—no politics in the contest."
"Of course the states in the immediate neighborhood of Louisiana are in favor of holding the fair at New Orleans for the simple reason of convenience. In the same way the states in the neighborhood of California are in favor of holding the fair in San Francisco."
"But this contest will not be decided either by the states in the immediate neighborhood of Louisiana nor by the states in the immediate neighborhood of California."
"It will be decided by states that are sufficiently far away from both San Francisco and New Orleans to be completely removed from mere local preferences to be able to decide the question on the broad basis of national advantage and general propriety and appropriateness. This is entirely as it should be."
SAN FRANCISCO'S CLAIMS MANY.
"There is nothing to be criticized in the natural predilection of any group of states for a locality in their neighborhood, but such geographical preferences should not decide such an important national question."
"The claims of San Francisco for the fair are many and convincing. They are both sentimental and material, both practical and patriotic."
"San Francisco has but lately recovered from one of the greatest disasters of modern times. Yet she has recovered wholly and entirely recovered."
"San Francisco is a greater city today than she ever has been. Greater in population, greater in extent, greater in wealth, greater in architectural beauty, greater in capacity and convenience for the reception and entertainment of visitors."
"San Francisco is proud of her wonderful rehabilitation, wants the world to know it and wants to invite the people of all the world to come to her doors and see how marvelously courage and enterprise can overcome all difficulties, surmount all obstacles, survive all disasters."
SENTIMENTAL CLAIM POTENT.
"This sentimental claim of San Francisco is so powerful that I fully expect to see New Orleans, with the generosity characteristic of the south, concede the fair to San Francisco, after the friendly rivalry between the two great cities has ended, but before the vote is actually taken upon the floor of the house."
"San Francisco has other claims that entitle her to this particular fair."
"The main purpose in the construction of the Panama canal is to open up a direct waterway to the Pacific coast to the coast upon which San Francisco is the dominant city. Obviously, therefore, the fair should be held upon the Pacific coast and naturally it should be held in the largest city on the coast."
"San Francisco has one of the most marvelous harbors in the world. In that harbor all the navies of the world could maneuver with ample space and in perfect safety."
"As this exhibition is to celebrate a great maritime achievement and will be celebrated largely by naval demonstration, the advantage, indeed, the necessity, of such a harbor is obvious."
"Another claim that San Francisco possesses lies in the enjoyment and educational value of a trip to and from the Pacific coast."
"A traveler to San Francisco can go there by the way of the Yellowstone Park, he can see in California, in addition to the exposition, the Yosemite valley and the groves of sequoia; he can return by way of the Grand Canyon of the Colorado and on his trip will thus have seen four of the seven wonders of the world."
"San Francisco has another claim. The climate there is one of the most equable in the world. We have only to see the weather there is never very hot, never very cold."
"The fair could be held there all the year round. It could be held there long enough to enable any one to go there at the time most convenient to himself and to find there at that time the weather which he will think must be the most delightful of the year."
INDEPENDENCE GREATEST OF CLAIMS.
"San Francisco has a final claim in that it proposes to build the fair entirely at her own expense and simply asks for the sanction and formal co-operation of the national government."
"I have arrayed these claims in what I consider the order of their importance. I know that this is merely the financial aspect of the question."
"I lay stress on the claim of San Francisco for this particular fair at this particular time and in celebration of this particular achievement. It does not mean to depreciate or underrate the importance of New Orleans or the attractions of that great city or its strong natural claims upon the community for any fair at any other time, or for any other development that she may desire in connection with the inland waterways or with an project with which she may be intimately and immediately associated."
"In all my papers and magazines and in private and public speech I have earnestly advocated the inland waterways development and other matters in ways development and other matters in which New Orleans is now celebrating this matter of the Panama canal. I am, however, in favor of San Francisco. I am in favor of that city, not because I am a Californian with a sectional preference, but because I hope I am an average, broad-minded man without sectional prejudice. I am for San Francisco for no political reason."
FAIR ABOVE POLITICS.
"I am a Democrat, but I do not see what that has to do with the question."
"San Francisco's claims in congress are being supported by Democrats and Republicans alike. The legislation of New York, which passed a resolution in favor of San Francisco, is a resolution of the legislature; the resolution of Massachusetts, which passed a resolution in favor of San Francisco, is a Republican legislation."
"There is no politics in this matter. No question of narrow sectionalism in the matter."
"I believe San Francisco will win; but which ever city wins the citizens of both which ever cities and city will join with the citizens of the whole United States to make the fair an eventful occasion, worthy of the state, a pride and glory to the nation."
"WILLIAM RANDOLPH HEARST."

LATEST NEWS FROM OUTSIDE TOWNS
ACCUSE HUSBAND OF BEATING WIFE
Mrs. Mary M. Michali Found Bleeding and Unconscious in Home.
ALAMEDA, Jan. 30.—With her head bloody and deeply cut from the blows said to have been inflicted by her husband, Mrs. Mary M. Michali was hurried to the Emergency hospital in the police ambulance this morning and restored to consciousness by Dr. L. V. Sidham. Her husband, Paul Michali, is lodged in the city prison, pending a charge which will be preferred against him by the police.
The loud screams of the woman were heard by neighbors, who ran into the house and hastily called for the police. She was found lying on the floor with blood covering her head and clothing, and soon lapsed into unconsciousness.
Michali gives no reason for his alleged attack and remains silent. The couple are known to have quarreled often. They lived at 1308 Court street.
INQUEST HELD ON ELMHURST SUICIDE
Effort to Connect Deceased With Swainson, Woman's Death Fails.
ELMHURST, Jan. 30.—At the inquest held over the body of the unknown man who was found hanging by a piece of wire in the old pump house at the corner of the Boulevard and Oakum avenue, Tuesday morning, the jury returned a verdict of suicide by hanging. When the body of the man was first discovered by Rico Bondanza and taken to the branch morgue it was identified by A. Loomis as being the same man he saw in company with the Swainson woman two or three days previous to her death.
The police immediately formed the theory that Mrs. Swainson was murdered by him. When called to the witness stand this morning Loomis stated that he could not positively identify the remains as being the same man.
CLUBS TO HOLD JOINT MEETING
Fruitvale and Hayward Are to Unite in Effort to Improve Boulevard.
HAYWARD, Jan. 30.—The B-street Improvement Club of Hayward and the Fruitvale Improvement Club of Fruitvale, will hold a joint meeting tonight in the rooms of the Hayward Chamber of Commerce to discuss plans by which the Fruitvale boulevard can be beautified.
About a month ago the proposition was brought before the various improvement clubs throughout this section of the county, but many of the members were very slow to act upon the issue and those two organizations have taken it upon themselves to start the ball rolling.
It is the plan of the clubs to plant trees along the boulevard from High street to Hayward. This proposition was first proposed by the Hopkins-Street Improvement Club of Fruitvale and letters were issued to all the other clubs throughout the territory requesting them to send a representative to a mass meeting to be held in the club rooms at some future date.
It is thought that the plans will make some provision for banking the curves along the boulevard and High street in an effort to take much of the expense of running the Portland automobile races off the shoulders of the committee in charge.
ALTA VISTA CLUB INSTALLS OFFICERS
Musical Program and Dance Will Follow Meeting in Hayward.
HAYWARD, Jan. 30.—At the regular monthly meeting of the Alta Vista Club held last evening in the Hayward Masonic Temple, the following officers were installed:
President, Mrs. B. G. Goss; vice-president, Miss C. Jordan; secretary, Mrs. R. V. Butler; treasurer, Mrs. George McCracken; sergeant-at-arms, Mrs. R. C. McCurdy.
Following the installation of officers, a musical program was the order of the evening. Slitwart men and trim mads tripped the light fantastic to the strains of music by an orchestra completely hidden behind a bank of flowers and ferns.
This was the first monthly affair to be given by the club and plans were formulated for more in the future.
BERKELEY CHILD POISON VICTIM
Mary Evelyn Butler Eats Mercury Tablets Thinking Them Candy.
BERKELEY, Jan. 30.—Mary Evelyn, the 22-month-old daughter of Mr. and Mrs. Robert Butler, 2109 McKinley avenue, who died in convulsions one week ago yesterday, was a victim of mercury poisoning, according to the verdict of a coroner's jury in this city yesterday.
Examination of the child's stomach by Robert Benzing, an Oakland chemist, revealed a quantity of corrosive sublimate, or mercury, which the little girl obtained in tablet form in the Butler home and swallowed, mistaking it for candy.
The jury's verdict was based on the result of the examination, and death was declared to be accidental.
Drs. Hector and Gillman, who attended the child, were of the opinion that she was a victim of poisoning. An autopsy was performed before the funeral last Wednesday and examination of the stomach was made upon instructions from the coroner's office.
WAGON BESTS STREET CAR IN COLLISION
HAYWARD, Jan. 30.—A large bandwagon belonging to the G. W. Crowley Company of West Berkeley was struck by a westbound Hayward car near the San Lorenzo junction early this morning. There was no damage done to the wagon other than one wheel being knocked off. The front of the car and the fender were knocked to one side of the road and the men just escaped being badly cut by flying glass.
MRS. KNOWLES INVALID FOR 27 YEARS, IS DEAD
ALAMEDA, Jan. 30.—Mrs. Violet Rowland Knowles, wife of J. E. Knowles, died today at her home, 643 Santa Clara avenue. Mrs. Knowles had been an invalid for twenty-seven years and had been confined to her bed for the last eleven years with rheumatism and gout. She was a native of the East Indies, where her father served as an officer in the British army. The funeral will be held Wednesday afternoon from Fowler's chapel. Rev. Dr. Brush will conduct the services.
NO CHOICE MADE IN ALBANY SENATE
ALBANY, N. Y., Jan. 30.—No choice on the 11th joint ballot for United States senator.

TACOMA WATCHING OAKLAND CLOSELY
Harbor Improvements Determined on After This City Started Work.
BERKELEY, Jan. 30.—Voting of bonds by the city of Oakland for the construction of municipal wharves is declared by Mayor Hodghead, who returned yesterday from a northern trip, to be the primary reason for similar action on the part of Tacoma.
The Berkeley executive found that the citizens of the Washington city had been greatly impressed by the activity of the port of Oakland in planning for extensive docks, as well as in other lines of development, and that the recent voting of bonds by the northern municipality, on a smaller scale, was partly in the nature of self-defense, showing that the rivalry of Oakland was regarded by the northerners as something to be feared.
The information imparted by Mayor Hodghead that Berkeley had a municipal wharf was not without its effect upon some of the municipal authorities of Tacoma, indicating that the development of shipping facilities on the continent is inevitable, and that it will save much to do with the Alameda city's task in holding their own with other Pacific coast ports.
INVESTIGATES PROGRESS.
Mayor Hodghead visited Portland and Tacoma partly on private business and partly for an investigation of the governmental progress of the northern cities. He found that use was being made of the recall provisions of the charters in Tacoma, where dissatisfaction with the administration of Mayor Pavert is being expressed in petitions which have just been placed in circulation, but which are not being largely signed. At Seattle, according to the gossip heard by Mayor Hodghead at Tacoma, there is a stronger fight being made against Hiram Gill, who is looked upon as the tender of the choice for mayor at the municipal election of February 7. Women of Seattle are to vote for the first time at this election, and their ballots are feared by friends of Gill. However, there exists a club of women who are working for him.
Mayor Hodghead was surprised at the heaviness of Tacoma's tax rate, which is more than \$5 on account of bonds and other expenses, in addition to an annual revenue of \$128,000 in taxes from the 138 saloons of the city. Plans are being made for a municipal waterworks.

LAST TRIBUTE IS PAID PROF. HESSE
Many Friends Gather About Bier of Man Whose Work Was Good.
In accordance with the wishes of the late Frederick G. Hesse, professor emeritus of the University of California, his funeral rites, which were read over his remains this morning at the family residence, 167 Santa Clara avenue, were very simple. Father, Francis Keane, pastor of St. Francis de Sales Church, conducted the service at the home, and Prof. William Carey Jones of the department of jurisprudence of the University of California delivered a short address at Mountain View Cemetery, where the body was interred.
Many of the former students of the deceased paid their last tribute and a number of the members of the faculty of the University of California were in attendance. Among the latter were Prof. H. Kupper, Prof. William Carey Jones, Prof. Abbot Parker, Prof. George Jones, J. N. Le Conte, President Benjamin Ide Wheeler was also present. The funeral was held at 10 o'clock. Mrs. Wey Browne, George Hoffman, Mrs. Wey Browne, and Charles Butters, who received instructions from the late professor in the mechanical engineering department, were seated among the mourners.
JOINED FACULTY IN 1875.
Prof. Hesse joined the faculty of the University of California in 1875, remaining until 1904. He had the distinction of being the inventor of the Pelton water wheel and the hydraulic step with which it is operated. By this invention he won a high place in the world of mechanics.
The death of Prof. Hesse, which occurred last Friday, came as a shock to his numerous friends and colleagues. He had a long and eventful life, covering a period of 86 years. He is survived by three daughters, Bertha, Florence and Estelle Hesse.
Members of the faculty of the University of California will hold a memorial service for Prof. Hesse at the University Club at Centerville, Tuesday, February 2.

200 TAKEN IN RAIDS APPEAR IN COURT
SAN FRANCISCO, Jan. 30.—The police courts of Judges Conlan and Weller were thronged this morning with nearly 200 men arrested in Saturday's gambling raids. All were represented by counsel and the cases were continued in one department until Thursday and the other until February 7.
STORIES OF SUCCESS
Charles M. Schwab
Two dollars and a half a week in a Pennsylvania store was a modest beginning for the great steel king, Chas. M. Schwab. "Can you drive stakes?" he was asked when he applied for work in one of the nearby mills. "Yes," was his reply, "I can drive anything."
"Will you work for one dollar a day?" "Certainly," said this ambitious boy. "I will work for anything I can get."
His rise from a dollar a day at stake-driving to perhaps the largest salary in the world reads like a fairy story.
"Everybody," says Mr. Schwab, "is expected to do his duty, but the one who does more than his duty is the one to succeed."
One duty, and an important duty, is to have a savings account.
You will never gain wealth with the money you intend to save. There must be a beginning. Begin today, and tomorrow you will congratulate yourself.
A dollar will start the account.

LANGE EXPLAINS LEGISLATIVE BILLS
University Professor Talks to University Club at Centerville.
CENTERVILLE, Jan. 30.—Professor Alexis F. Lange, head of the department of education at the University of California and dean of the academic faculties, delivered an address Saturday evening on the various educational bills before the state legislature, and their effect on the colleges, before the members of the University club of Washington township at the home of Dr. and Mrs. C. A. Wills. Senator E. J. Strobridge's bill providing for industrial education in the public schools and the proposed measure for health inspection in the schools were thoroughly discussed by Professor Lange.
Mrs. May L. Cheney of the collegiate alumnae committee and appointment secretary at the university, presided at the meeting. A large number of others attending education. Nearly all the members of the club, including Mrs. A. F. Lange, participated in the general discussion following the address. Arrangements were also made for the formation of reading circles in various communities, to which others beside the members of the organization will be welcomed for the purpose of promoting the reading of standard English literature.
In its calendar for 1911, the club announces that it will hold monthly meetings, of a quarterly nature, as in the past. Some of the subjects to be taken up this year by the organization will be pertinent questions of university life and policy, the duty of a university club to the public schools, charters for small towns and practical civic problems of this district, such as sewerage system and the acquisition of park sites.
APOPLEXY VICTIM DIES OF THE STROKE
SAN FRANCISCO, Jan. 30.—Charles Peterson of Oakland, watchman on the steamer Ventura, who was seized with a stroke of apoplexy while in an open boat on the bay on Saturday, died this morning as the result of pneumonia when he was 65 years of age. The coroner took charge of the remains.
Alameda county's egg production in 1910 amounted to \$219,497.

SAUSALITO RECORDER ANSWERS BRIBERY CHARGE
SAN RAPHAEL, Cal., Jan. 30.—P. A. Vincillone, town recorder of Sausalito indicted on a charge of having offered a bribe of \$25 to Justice J. F. Renner of Sausalito, appeared for arraignment in the Superior Court today and Friday was set as the date for his plea. The grand jury will resume its sessions tomorrow to investigate further cases of alleged graft in Sausalito.
HIBERNIAN AUXILIARY TO CELEBRATE FEB. 1
Oakland Divisions 1 and 2 of the Ladies' Auxiliary to the Ancient Order of Hibernians will celebrate St. Bridget's day, February 1, with a high mass at St. Patrick's church, West Oakland, at 9 o'clock a. m. Rev. J. B. McNally, company chaplain, will preach the sermon. All members of the order are requested to attend.
CHARGES DEBARTION.
B. O. Hudson has begun suit for divorce from his wife, C. E. Hudson, charging that she has deserted him.

GRANTED DIVORCE
HAYWARD, Jan. 30.—Superior Judge Frank B. Ogden this morning granted an interlocutory decree of divorce to Rev. H. Olsen of 6008 East Fourteenth street from Minnie Olsen, who keeps a boot and shoe store in Hayward, on the ground of extreme cruelty.
GRANTED DIVORCE
HAYWARD, Jan. 30.—Superior Judge Frank B. Ogden this morning granted an interlocutory decree of divorce to Rev. H. Olsen of 6008 East Fourteenth street from Minnie Olsen, who keeps a boot and shoe store in Hayward, on the ground of extreme cruelty.

NILES LODGE TO BURN MORTGAGE
Feature of Celebration Will Be Destruction of Millstone.
NILES, Jan. 30.—The burning of the mortgage on the Odd Fellows' hall in this place will be the feature of the celebration to be held next Saturday evening by Niles lodge, No. 132, Independent Order of Odd Fellows, in commemoration of its eightieth anniversary.
An interesting program will be presented, after which a banquet will be served. The members of Mission Peak and Crusade lodges, with their families, will be the guests of Niles lodge during the ceremonies. The hall is a two-story building, with several stores and a large banquet hall, and is one of the best fraternal buildings in the township. It is valued at \$15,000, and the last payment on it has just been made.
GUSTAV MANN CAN ANSWER THE QUESTION
OAKLAND, Jan. 30, 1911.
EDITOR TRIBUNE: At a recent meeting of a sub committee of the Progress and Prosperity Committee a proposition was advanced to request certain Oakland merchants to spend their money in San Francisco to the detriment of business here.
I have been informed that Gustav Mann, proprietor of the Forum Cafe, at that meeting made the statement that he did not have time to read the Oakland paper, but preferred to read foreign newspapers. That is, I would like to know if Mr. Mann really made the statement. The story is being freely circulated and I do not want to see it. Many unjustly damaged by it. I feel as though it is almost impossible for him to be a knacker of the Oakland newspapers.
JOHN F. WILLIAMSON.
You are probably aware that pneumonia always results from a cold, but you never heard from me about it. I have been suffering from it for some time. Why take the risk when this remedy may have had the effect. For sale by Good Bros. Drug Store.

Pretty Near True
Hadn't You Better Help Boom Oakland? Mail a Copy to Your Friends East
A. A. DENISON
Secretary of the Oakland Chamber of Commerce
THE TRIBUNE annual is a compendium of information about Oakland, the east bay shore cities and Alameda county that is exceedingly valuable and should be widely distributed. It is a good document for Oakland people to send to their eastern friends, with a view to interesting them in Oakland.

SAN FRANCISCO IS IN LEAD OF RIVAL

Outlook Is Roseate for Victory When the Vote on Fair Is Taken Tomorrow

WASHINGTON Jan. 20.—That San Francisco has come out victorious in the battle for the Panama-Pacific Exposition is the news that is going the rounds in Washington. The statement is backed up by the unofficial poll which gives San Francisco 29 votes and New Orleans 17.

New Orleans has virtually surrendered to San Francisco and there is a gloom about the southern city's prospects as the Eboli which is the foreboding of defeat. The game has all but gone out of the southern city, while the westerners secure in their opinion of victory are fighting with all their strength. The campaign mapped out by their leaders is being followed to the letter.

For an hour today representatives of the Senate and House of Representatives were in session in the Senate chamber to discuss the Panama-Pacific Exposition. The Senate committee on Industrial Exposition and the House committee on Commerce and Fisheries were also in session. The Senate committee on Industrial Exposition is expected to report on the Panama-Pacific Exposition tomorrow.

A New Orleans worker, prominent in the Senate, declared that the southern city has won the battle. He said that the southern city has won the battle and that the southern city has won the battle.

SOUTH CONCEDES HOLSE

A New Orleans worker, prominent in the Senate, declared that the southern city has won the battle. He said that the southern city has won the battle and that the southern city has won the battle.

Many correspondents here were given by the Californians last night at the New Will Hotel.

Major Andrew Lawrence of the Chicago Examiner provided the function having been turned over to the newspaper men. He promptly barred all reference to the exposition fight.

CONVINCED SAN FRANCISCO WINE

The dinner was given merely out of the desire of the San Francisco men to meet the correspondents. A feature was the drinking of a toast to New Orleans and San Francisco and Success and Prosperity to the City that is the City.

Many correspondents as well as Californians were interviewed yesterday as to which city they felt would be the victor and the majority spoke in favor of San Francisco.

Senator Murray Crane of Massachusetts who is regarded as the new boss of the Senate believes that San Francisco has won the battle. I am convinced that San Francisco has won the battle and that San Francisco has won the battle.

Congressman Kuhn of California said the lines of battle are drawn. Everything is ready for the final fight. Absenteeism can defeat us.

We have made a thorough analysis of the House and know the settlement of practicality in all its members.

We will try to have every man in his seat on Monday and if our friends are all on hand we will be able to have the victory and perch upon our banner before the close of the day.

ALL WORKING HARD

Others including Mayor P. H. McCarthy of San Francisco, Senator Flint of California, R. B. Hale, acting president of the Panama-Pacific Exposition Company, Leon Sloss, George Bartlett, Congressman from San Francisco, and a resident of New York all of whom have been helping San Francisco are firm in their belief that the victory is already assured.

Congressman Joseph R. Knowland of California said "I think the fight will be won by a very small majority. Out of the danger now is through obstacles."

We are endeavoring as far as possible to smoke out members who may have in mind to be out of town, in order that we may be able to protect ourselves by pairs.

"I am inclined to believe there will not be many changes between now and Tuesday and if there are one will offset the other."

There is a satisfaction in feeling however that everything is being done that human beings can do on behalf of California.

CHICAGOANS ENDORSE COAST

CHICAGO Jan. 20.—San Francisco was unanimously endorsed for the Panama-Pacific Exposition in 1911 by the Reunited County Democracy at its meeting yesterday. Prior to the passage of the endorsing resolution the organization rescinded a resolution passed at a former meeting endorsing New Orleans for the fair site.

ARCHBISHOP RYAN IS NEAR DEATH

Noted Prelate Said to Be Victim of Heart Trouble; End Approaches.

PHILADELPHIA Jan. 20.—Archbishop Ryan of Philadelphia, one of the best known Roman Catholic prelates in America, is dying at his home in this city of heart failure. The physicians in attendance momentarily expect his death.

Archbishop Ryan might have lived many months more had he not on January 12 insisted upon celebrating at the memorial service in honor of the firemen who lost their lives on duty.

Rumors that the archbishop has been sick have prevailed for months but until today met with denial from some official sources.

Dr. Ernest La Place yesterday settled all doubt by declaring that the archbishop could not live long. The aged prelate who will be 80 years old on February 20 knows that he is doomed and is perfectly resigned.

Dr. La Place said:

We are now keeping the archbishop alive through the use of heart stimulants. This afternoon it appeared that the end was very near. His heartbeats became so faint that they were hardly perceptible but he rallied.

The end may come tonight. It may come next week and I may not come for two weeks but I feel that it is very near.

ALBANY COMPLAINS OF 'PHONE SERVICE

ALBANY Jan. 20.—Asserting that telephone service is being given in Albany, the city of the future, the Albany Telephone Company has appealed to officers of the Pacific Telephone and Telegraph Company to install a local service independent of the Berkeley telephone. At the same time the trustees Hansford B. Griffith, a representative of the corporation, stated that arrangements would be made by the company to do away with ten party lines in Albany service for main lines. The Albany Telephone Company wants the Albany Telephone Company to install a local service.

DARING AVIATOR MEETS WITH MISHAP

A. D. McCURDY, the aviator, and diagram of the Key West-Havana flight.

OIL RUNS SHORT; FLIGHT IS SPOILED

McCurdy Compelled to Drop Into Sea Ten Miles From Havana.

(Continued from Page 1.)

conditions were such as to permit of the flight.

At 6:40 a. m. there was not enough wind to move the flag.

McCurdy had been notified and was soon at the terminal ready to start.

SMOKES A PIPE

While the first details were being looked after, McCurdy stood calmly smoking a pipe. At 7:52 a. m. the machine was rolled into place and a few minutes after the big steam whistle at the factory woke up the town with a tremendous blast. At almost the entire population rushed through the streets for the starting point.

It is estimated that fully 10,000 persons saw the start. Major Fogarty with the entire police force had great difficulty in keeping an open space of 500 feet so that a start could be made. McCurdy took his place in the machine and as he started, he dropped the propeller and then gave it a number of whirrs.

Four men held the machine when McCurdy tested his motor by starting and stopping it. He adjusted his head, and the motor was started and the machine was off at a fast gallop running along the ground. It ran nearly the length of the open space and then ran in the air to ward the east.

McCurdy first circled over the harbor at an elevation of 500 feet. He made a second circle at an elevation of 1,000 feet and at 8:02 the flag dropped and McCurdy crossed the line over the wireless station going at the rate of nearly 60 miles an hour. In ten minutes he was out of sight over San Juan ten miles away.

Before starting McCurdy put on a life buoy and carried his life preserver in a life buoy. He had been attached to the machine to keep it aloft in case he had to descend to the water.

The flight is for a prize of \$5,000 offered by the Havana Post and \$5000 appropriated by the Havana council.

It was estimated that McCurdy should have reached Havana by 1 o'clock and when that hour passed great uneasiness was expressed. Then came a wireless that the aviator had fallen into the sea. Finally came the news that McCurdy had been forced to land in water because of a shortage of lubricating oil and that neither he nor his machine had been injured.

BLOOD FLOWS IN DRIVERS' STRIKE

One Man Hurt and Trouble Grows Serious as Result of Walkout.

(Continued from Page 1.)

ing will deliver all milk during the day hours.

The inner day is the only union concern in Alameda and its proprietor stated today that the strike would be no strike of the union drivers in his employ.

Three years ago when the union drivers declared a strike the non-union drivers of this city were attacked their weapons of milk upset and packages of milk dropped at customers' houses.

To prevent this same occurrence the day time delivery has been ordered. Louis Zeigler, a president of the Alameda County Association of Drivers, said that the union drivers would not strike.

These officers stated today that Alameda residents had not to fear from the strike and would only receiving it at a different time.

READY TO WELCOME

HAVANA Jan. 20.—All Havana and the surrounding country for many miles turned out today to welcome Aviator McCurdy. He was met by a large crowd of people and a band of music.

McCurdy was met by a large crowd of people and a band of music. He was met by a large crowd of people and a band of music.

Baleful Hope Diamond To Be Worn at Ball

Fearlessly, Mrs. Edward McLean Tonight Will Show Society Famous Jewel

WASHINGTON Jan. 20.—The spell that has been cast by the Hope diamond, the most famous of all diamonds, was broken tonight at the splendid German opera ball when Mrs. Edward McLean wore the diamond.

The diamond was brought to the ball by Mrs. Edward McLean, a woman who is known for her bravery and her love of the diamond.

The diamond was brought to the ball by Mrs. Edward McLean, a woman who is known for her bravery and her love of the diamond.

CONTRACT FOR LEW NILES CHURCH LET

NILES Jan. 20.—The contract for the new Lew Niles church has been let to the local firm of Beck & Co. The contract is for a new church building and is valued at \$10,000.

The church is to be built on a lot in the center of the city and is to be a new building.

LOSS IS NOTED IN NATIONAL BANK REPORT

WASHINGTON Jan. 20.—The continued National Bank report shows a loss in deposits of \$1,000,000 in the month of January.

The loss is due to a decrease in deposits and is a significant loss for the bank.

CAPTAIN O'DAY LOSES HIS STAR

Chief Seymour Declares That He Will Not Stop at Today's Work.

(Continued from Page 1.)

and McConnell the plain clothes men in the district. These reports caused me to transfer Captain O'Day from the district. I was convinced that he knew that there was something wrong and that he had made no effort to ferret it out. The reports made to me by O'Day are dated on the 19th and 24th of the month in each instance the Saratoga Club 149 Mason street, behind the City Hotel, is the place where the Captain O'Day is said to be working. The Captain O'Day is said to be working in the very words used. I have visited the suspected gambling club referred to above and I find nothing going on except poker playing, is the phrasing of each report.

DOUBTS HE DID DUTY

I think that if Captain O'Day had done his duty he could not but have seen something of the gambling or roulette wheel or discovered a hiding place where they might have been quickly arrested. There is no doubt that I ordered gambling suppressed long before the shooting of August Postler. More over I became convinced that the gambling was going on and I transferred the Captain of the district in order to put a stop to it.

I am not through with the changes yet. We are clearing out the Central station now and we will turn our attention to other stations if necessary. In view of the changes which I have today preferred against Captain O'Day and in view of his statement about his report to me as against his written report which I have in my safe I have suspended him from duty pending his trial before the police commission.

SUPPRESS CRIME

The other officers responsible have been charged by Captain Dike with my consent and under my instructions and I will see whether we cannot make his department office at suppress crime and gambling from the neighborhood of the Central station. I myself was surprised at the extent of the gambling which I had begun to suspect at the time I relieved Captain O'Day to account.

I am personally investigating now and from now on I will keep an eagle eye upon every direction and will expect every man to guard carefully his own detail and to do his duty to the full.

The suspension of Captain O'Day was the sole topic of comment at police headquarters. It was taken as a precedent for what may be expected from Chief Seymour in other districts.

There has been no attempt to disguise the fact that the Central precinct is not the only one in which unlawful gambling has been going on. There are clubs in spangled on by the present unpleasant in the Central district the captains Heumann and sergeants are making careful rounds and in some sections a house-to-house search has been instituted by patrolmen or the beats.

It is not expected that these men will uncover any more gambling clubs as the search in this morning and of the gamblers have been frightened. The clubs are hidden and the gamblers are hidden and nothing but straight poker is being played.

Captain O'Day was notified of his loss of his police star without a murmur.

RAIN OR SHINE

\$2300 Vaudeville Bill With Added Feature of Motion Pictures of Roosevelt's Trip With Hoxsey At the Bell this Week

Hoxsey in the aeroplane that Roosevelt accompanied him in at the aviation meet at St. Louis last October.

There is one great bill at the Bell Theater this week. As Mr. Cohn, the manager says, it is one of the finest shows we have ever presented at the Bell.

There are six feature acts any of which could be termed headliners. As an extra added attraction a very fine motion picture of the Aero Club Aviation meet at St. Louis is shown and some splendid views of Roosevelt and his flight with Hoxsey are included. Don't miss the show, on out an enjoy yourselves. It is a treat for the eye and the heart.

Milk Famine Averted

Plenty of pure, fresh Pasteurized Milk at your grocers. Ask for "3C" Dry Whole Milk and the non-delivery of the usual supply of fresh milk will cease to annoy you.

For infants and invalids "3C" Dry Whole is more strongly endorsed by prominent physicians than is certified milk. Easier to digest and is absolutely free from possible disease germs.

"3C" Dry Whole Milk

is pure, unskimmed milk pasteurized and condensed to a dry powder. Nothing removed but the water—nothing added. It dissolves at once in water and can be used as milk or cream.

For Cream—One part "3C" and two parts water makes rich cream just as pleasing for coffee, tea, chocolate, cereals, fruit, etc. as fresh cream and the cost is about half the price charged by the milkman.

For Baking bread, cakes, cookies etc. making cream, soups, gravies, custards or ice cream "3C" Dry Whole Milk is just as satisfactory as fresh milk.

"3C" Dry Whole Milk will keep for months. Does not spoil after the can is opened. There is no waste—economical. This product complies with the pure food laws and is just pure, sweet, fresh milk.

Let "3C" Dry Whole Milk be your "milkman" and baby will not have to wait for fresh or certified milk, because it is always on the pantry shelf ready for mixing.

All the leading grocers in this locality sell "3C" Dry Whole Milk. The price is 25 cents for a half pound can, 45 cents for a one pound can. One pound "3C" will make five quarts of good milk. Many housewives now use no other milk.

 are also suitable for the purpose.

VICTORIOUS MEXICAN REBELS WARN U. S. OFFICIALS

COMPANION OF JOY RIDERS WAS DEATH

Auto Trip in San Francisco Has Culmination in a Tragedy.

One Member of Party in the Morgue and Another in Jail on Murder Charge.

SAN FRANCISCO, Jan. 30.—The tragic culmination of a joy ride party in San Francisco, which resulted in the death of a young man, was the subject of a report in the city papers this morning.

The victim, a young man, was found dead in the city morgue, and his companion, a young woman, was taken to jail on a charge of murder. The incident occurred on the morning of Jan. 29, when a party of four young people went for a joy ride in a motor car.

According to the report, the party was composed of a young man, a young woman, and two other young people. They were driving a motor car when they were stopped by a police officer.

The young man was found dead in the city morgue, and his companion, a young woman, was taken to jail on a charge of murder. The incident occurred on the morning of Jan. 29, when a party of four young people went for a joy ride in a motor car.

BOYS AND GIRLS

AMATEUR ATHLETICS

SCHOOL MAGAZINE

TO BE ISSUED BUT ONCE

"The Acorn" Will Have 200 Pages and Will Appear in April.

ALAMEDA, Jan. 30.—This term instead of publishing the Acorn every month, the Alameda high school will have but one issue for the term, which will be one of the largest papers ever produced by a high school on the coast. The Acorn will appear about the middle of April and will include more than 200 pages of stories, school notes, cartoons and jokes. Each class will have a class editor and one assistant, under the editor-in-chief.

In this way the Acorn, which will be dedicated to the high school class, will be the work of the entire school. Seven hundred copies of the paper will be printed. Henry Allen is the editor-in-chief. Frank Pollard, who was assistant business manager last year, will manage the publication. Robert Christy will act as assistant editor, and Edward Anthony will take care of the athletic section. Charles Murphy is Josh editor and Constance Van Brunt will have the exchanges. Elsa Burdard will be the associate managing editor, assisted by Irving Culver. Ernest Brown will edit the alumni notes.

On Wednesday, April 1, the Alameda high school baseball team will play its first game of the season with the Agave team of San Francisco. The game will be pulled off Wednesday afternoon at Lincoln Park, Alameda, providing the grounds are dry. The men will be coached by Dave McAndrews of Danforth and with practically a veteran team, the school stands a good chance of winning the championship of the Alameda Athletic League. No partially, however, will be shown to the last year's players, and with a number of candidates out, the old men will have to fight for their positions.

Frank Pollard probably will be in the box Wednesday for Alameda and Mackie on the receiving end. The other players will include: Captain Ed Seagrave, E. Gay, Klier, Bruzzone, O. Seagrave, Taggart and P. McKie.

ADMIT TALENT OF LOCAL HIGH

ORPHANS WILL PLAY IN OUTDOOR 'GYM'

Ladies' Relief Society Plans Ideal Playground for Orphans.

An outdoor gymnasium, built along the lines of those installed by the city throughout Oakland and equipped with the latest in apparatus, is being planned by the Ladies' Relief Society of Oakland for their home at Forty-fifth and Telegraph. The matter has all ready come up for consideration and final plans are due to be laid in a couple of weeks.

For some time the society has felt the need of outdoor training for the orphans under their care and the proposed gymnasium is said to meet the demands.

Throughout the East teaching and athletics have been combined and out-of-door classrooms are rapid in being established to care for the children who need the education, but are in want, more than all, of fresh air.

While the outdoor class has not been discussed by the board of directors, it is said to be more than probable that the athletics in the new playground will be but part of a general outdoor training that will insure health at the same time that the mind and muscle are being developed.

There are sixty youngsters who will benefit by the proposed improvement and all of them are eagerly awaiting the beginning of work on the place.

MISS ELSA KOWER, one of the members of the Dramatic Club of the Oakland High School.

The first tryout of the new term for membership in the dramatic club of the Oakland High School, was held this afternoon. A number of students were admitted into the organization, which is composed of the most talented of the school. Miss Alice Elliott, president of the club, presided over the session today and Paul Smith was the secretary. Among the members in attendance were, Miss Mildred Manuel, Marion Hook, Ruth Smith and Carlton Deftelson.

Many performances will be given this year by the gifted thespians. Some of the young performers of the organization took part in the high school production, which in the past, when they scored a hit.

PUPILS TO HONOR THE MEMORY OF LINCOLN.

The celebration of Lincoln's birthday at the Oakland High School this year will be under the senior history classes of the school. This is a new idea in the Oakland High School and the result is expected to be successful. Lincoln's birthday will be observed at the Oakland high school on Friday afternoon, February 3. The program will include music by the girls' glee club, the Oakland High School quartet, and the high school orchestra, also dramatic readings, essays and speeches by members of the senior history classes.

Prof. H. W. Edwards, head of the history department, Marian Clark, president of the high school class, and Henry Oliphant, president of the senior class, will compose the committee to plan for the affair. All the students in the school will attend the celebration in a body.

STOCKTON PEOPLE HAVE FEAR OF INUNDATION

STOCKTON, Jan. 30.—Precautions are being taken by merchants and residents of this city against a possible inundation by the waters of the Sacramento Channel, within the city, in bank full and Stockton Channel has nearly reached the wharf line, hence the danger is great. The diverting canal is turning towards the city, and the Calaveras river and its far has protected the city.

ENTRIES FOR TOMORROW

THIRD RACE—Two furlongs, 2-year-olds, maidens, colts and geldings, purse, \$100.

WORLD'S RADICAL BILL STIRS THE SENATE

Senators Would Take Drastic Action to Bar Out the Japanese

SACRAMENTO, Jan. 30.—Senator Sanford introduced a radical anti-Asiatic immigration resolution in the Senate today, which caused half an hour's acrimonious debate.

The fight came on a motion by Senator Boynton to refer the resolution to the committee on federal relations. Senator Walker in his remarks on the resolution referred to the race track measure. Wolfe, in supporting Sanford's motion to take immediate action on the resolution took exception to Walker's allusion to the race track measure and said he had thought the house had been laid for all time to come.

Wolfe wanted immediate action on the resolution so that no one in Washington could mistake the attitude of the Legislature of California. He said there was nothing in the resolution that would call out the big stick, if indeed, there was any in existence now.

ECHOES CALIFORNIA.

He declared the resolution echoes the unanimous expression of the people of California. He wanted to prevent a treaty with Japan that might throw down the barrier and admit Japanese laborers. Senator Wright insisted the matter be given to the committee on federal relations saying he recently had talked with President Taft concerning the treaty and declared that the President was fully advised.

GROUND SLIPPING

He said there was no reason to believe the treaty would be changed. He asked if the senators were not aware that there was an understanding between the emperor of Japan and the United States that no treaty would be made until the situation was rounded him off that two years ago when the senators felt the ground slipping from under their feet. He said that the same senators who had refused to pass a law providing for delay were again trying to block the measure against those who were trying to protect the workers and farmers against an influx of Oriental labor.

He immediately sent to Washington to show the sentiment of the Senate.

Senator Larkin, who had a bill calling for U. S. exclusion of Asiatics, wanted Sanford's resolution referred to a committee for consideration. He said he had listened to the report of the committee on federal relations. The Senate voted to refer the resolution, the vote standing 25 to 11. Senator Sanford's resolution follows:

SANFORD'S RESOLUTION.

Whereas it is currently reported that those in authority at Washington are formulating a new treaty with Japan and

"Whereas, newspaper dispatches state that the clause in the treaty for the restriction of the immigration of laborers from Japan is to be eliminated from the new treaty, and

"Whereas the people of California are unalterably opposed to Chinese, Japanese and all other Asiatic immigration, therefore be it

"Resolved by the Senate and Assembly jointly that our senators in Congress be instructed and our representatives in the election of said labor laws from the treaty and that they use their influence to have the treaty so modified as to exclude from our shores all Asiatic laborers of whatsoever kind, and further

"Resolved that a copy of the resolution be telegraphed to the President of the United States and to each of our senators and representatives in Congress.

Names Other Women In Suit for Divorce

SAN FRANCISCO, Jan. 30.—A divorce suit which has been on the docket since January 17 and the details of which have been known in this morning's edition of the domestic unhappiness of Mrs. Elma Camp the wife of Dr. Calvin Eugene Camp of the Hawaiian Islands, and a former member of the board of health of Honolulu.

According to Mrs. Camp's allegations, her spouse has frequently sought the society of other women to her great shame and humiliation and has several times endeavored to seduce her. She asks for a distribution of the property and petition for an attachment on the palatial mansion of Dr. Camp in the Islands.

AMATEUR DETECTIVE SPIES ON HIS WIFE

SAN FRANCISCO, Jan. 30.—William Horrell, a publisher in the employ of the Board of Public Works, is being paid his wife \$35 a month. For some months he has failed to meet the claims and Mrs. Horrell finally attacked his property today before Superior Judge K. H. Jones. It was found that he had been doing a little detective work and that through a hole which he had bored in the floor in the house at 230 Tukey street he had observed his wife in company with a man named March. The court is to accept this story of the affair without further investigation and tomorrow will proceed personally to the house in question to look into the affair for himself.

CAPTURED WITH GOODS ON HIM

Fifty Tins of Opium Seized by Customs Inspectors on Water Front.

SAN FRANCISCO, Jan. 30.—United States customs inspectors seized 50 tins of opium on the water front today. The opium was found on the schooner Nippon Maru lying at the Pacific Mail dock and charged him with smuggling. Inspector Remington found two tins of opium in a satchel carried by Fitzpatrick, supposed to have been secreted on the vessel.

ROAD FUND

SAN FRANCISCO.—The board of trade highway convention met Saturday afternoon at the town hall of San Francisco to discuss ways and means of securing for the counties of San Francisco, San Mateo and Santa Clara a slice of the \$15,000,000 state road fund for which bonds were passed at the recent election.

SANTA DECLINES CALL

SANTA ROSA.—The members of the First Presbyterian church and congregation were greatly disappointed when it was learned from Rev. Warren North, D. D., pastor of the Santa Barbara Presbyterian church in which he declined the call to become the pastor of the local church to succeed Rev. W. J. Martin, M. A.

LUNATIC CAPTURED

SAN JOSE.—Through information given to the police by his brother J. T. Foster, a wealthy farmer of the county, G. W. Foster, a fugitive from the State Hospital for the insane at Menard, Ill., was captured in the mountains west of this city by Chief of Police Kidder and Captain of Detectives Ray Starbird.

NO FLIGHTS

SAN JOSE.—Heavy rains prevented the scheduled flights of Santa Barbara and Santa Clara. The plane to Pasadena, and it will be shipped south tomorrow.

WASHINGTON STREET CORNER TENTH

FUN IS FAST AND FURIOUS AT BELL THEATER THIS WEEK

STIRLING AND CHAPMAN, Scotch Singers at the Bell.

Delightfully refreshing is the singing act by Stirling & Chapman at the Bell Theater this week. It constitutes one of the biggest things sent out by the Sullivan & Consolidated circuit this season. In their handsome kilts of Stirling plaid, it's a pretty picture and a wonderful ensemble that these native Highlanders contribute, for both can lay rightful claim to charming singing voices. In both solo and duet numbers they leave nothing to be desired, and at every Sunday performance they registered a very pronounced hit.

You will laugh till your sides ache at the comic antics of the Three Altruists. You can stamp their offering "originality" in an unique dancing and musical specialty. Tom is the dancer, while Miss Edith shows her ability on a number of musical contrivances. It is worth while to note that Almond is a very clever actor and introduced a number of specialties in dancing that have never before been seen in this coast, such as his ice skate dance and his kangaroo novelty number.

Another riot of fun is on while Howard Trusdell & Company occupy the stage in their screening farce, "A Corner in Hairs." It's all about a poor unfortunate man and his troubles, a mainly mental, over the fact that he is bald-headed and to be married. He postpones the wedding, the cause is ascertained and a straightaway his friends, to explain his sudden change of mind, give out a story purporting to be the facts in the case. His practical joker friend spreads the report that he is worried over the latest cut and his desire to control the world's output. The lady in the case hears the facts and, with the handsome desire to assuage her curiosity, she goes to the man and finds him in a state of hysterical laughter. The result is a better seen than told.

Katherine Miley, a witty maid from Ireland, is happy in a number of songs and the three Elvies Lord is proving their superiority in dainty and dancing confection. As a superlative added attraction, motion pictures of the aviation meet in St. Louis last October are shown and Roosevelt's fight with the feared Arch Hoxsey is shown in addition to the air craft and flights of many of the kings of the air.

'FIND A GOOD WIFE' IS ADVICE OF WHEELER

President of U. of C. Opines That Suffragettes Are Not Good Helpmeets.

PRaises THE CHILD BEARING WOMAN

Sounds Note of Warning Anent Miss Fluffy Ruffles and Her Kind.

"Young man, find a good wife. Personally, I do not think that you will find her in the ranks of the woman suffragists. I do not believe that the home-making child-bearing sort of a woman is found in the woman suffrage movement.

"When the right kind of women—the women who belong in the homes and who help to make the earth better—really want votes it is my honest opinion that they will get them and without delay."

Such were two of the statements made by Benjamin Ide Wheeler, president of the University of California, before a crowd of C. A. members and the general public who gathered in the gymnasium of the Young Men's Christian Association yesterday afternoon to hear the Doctor discuss "The Young Man's Choice."

In the gymnasium amid the exercise machines, the parallel bars, the flying rings and other apparatus used for physical development, an audience that overflowed the seating capacity of the large room and took refuge on the mats piled along the walls, listened to President Wheeler for more than an hour while he gave an informal, heart-to-heart talk that touched on such widely differing topics as man's duty to his God, the ethics of success, civic righteousness, the home and the woman's suffrage movement.

Dr. Wheeler was introduced by O. E. Tolia, a local politician, who said that he believed that the Doctor left the platform and, coming down to the front row of listeners, said:

FACE TO FACE TALK.

"I am not going to talk to you from a distance. I want to get close to you, to know you and for you to know me. Some things to say to you this afternoon concerning young men and their problems that have occurred to me in my experience with young men students. I believe that you only those things that I really believe. Remember, I may be sadly wrong, but I am at least sincere. Then again, it may be that I have not the young men who need what I have to say, but in that case I beg of you that you will pass it on.

"It is well that you should succeed. It is meant that man should triumph. That is, he should advance and grow with such speed that he should gain more and more the ability to see things in their right perspective; that he should accomplish and achieve; that he should leave his mark and depart, with the earth better for his having lived. It is what I mean by success. I do not mean that you should pile up dollars, for that, to my mind, is the very embodiment of failure; or, I should say, it gives the greatest opportunity for complete failure.

"There is no more pitiful sight than to see a man hoarding and hoarding together a sordid material, wearing away his fingers in the process, and then departing, leaving behind him a glittering heap on the bank for lawyers to squabble over. I say there is no more pitiful sight in our life than this.

WILD OATS COSTLY.

"Then, young men, there is the foolish old story about the wild oats. So many believe that the man who young sow a crop of this ugly weed or he is scarce a man. There prevails an opinion that the boy sows his wild oats and later reforms easily and becomes out into a useful, reputable citizen. Let me tell you that these cases are the great exceptions. The ratio is about one in a hundred, from my personal observation. You think that yet will daily grow now, but it is not. It is a very slow process, and it is not a process of reformation, but of a slow, steady, and persistent effort to overcome your bad habits and to win. Let me impress upon you that it is a feat almost beyond human ability for a man to succeed in this way. It is not a feat that can be accomplished after he is 40. Even at 30 it is most difficult.

"The man is not the outgrowth of the boy. I have watched many boys grow up and I have found that in nearly all cases that the man of 40 or 50 is but the projected shadow of the young man who was dissolute, careless, irreverent or the opposite."

Dr. Wheeler declared the habit of careless drinking, drinking to excess, a waste of time and worse than nothing at all. In connection with this, he said:

READ BOOKS WORTH WHILE.

"Read. Read a great deal. But read something that is worth your while. If you confine yourself to the magazines and newspapers you are not advancing your mental status one whit. To be sure, there now and then appears a good article in a magazine, but practically all of the fiction is slush. The author does not create. He taps at mediocrity, mechanically. He is a slave to a little task, not an artist."

Approaching the question of our civic relations to each other by remarking upon the wonderful advance in science and invention, which has brought about a system of quick communication that made it more a sordid, intimate mass, he dwelt upon the duties of citizenship that each man owes his country, and spoke regretfully of the fact that many of our citizens are neglecting their duty to their country, neglecting while upon this point, the word "patriotism."

"Patriotism," he said, "means merely that a man elected to a public office is expected to parcel out, after his election, the public money to his friends. It is a certain position to men who have given their assistance toward his election. In other words, he steals from the public fund to pay for a private service. I say that this is a very bad thing. It is a great deal better to have a man in public service, a great deal larger remuneration than he is worth to the commonwealth."

DECRIES SUFFRAGE.

In conclusion Dr. Wheeler attacked the suffrage movement in as much as it related to the search of young men for good wives. Not alone the suffragists, but the party, he ribbed with a severity that fit around tea parties and ballrooms were denounced as being unsuitable wives for the young men. He said:

"Young man, find a good wife. Personally, I do not think that you will find her in the ranks of woman suffragists. I do not believe that the home-staying, child-bearing sort of woman is found in the woman suffrage movement.

"When the right kind of women—the

Hundreds Are Interested in Herr Kohler's Visit to California

Ever since the first announcement of the coming of Herr Kohler, the artificial eye-maker, we have been besieged with inquiries:

One gentleman, for whom Kohler made six eyes in 1909, proposes to meet him in Fresno February 4 and "stay with him" until he concludes his engagement with our California stores in Oakland February 14. He wants as many eyes as Kohler has time to make.

We are going to divide up his time, however, so that every one will have the benefit of his visit—no one will be permitted to monopolize him—our only request is that you make engagements in advance.

Prices will be very moderate—all work is guaranteed by our firm.

He will be in Oakland at our store February 13 and 14.

SIX STORES IN CALIFORNIA. San Francisco, Oakland, Stockton, Sacramento, Fresno, Vallejo

BREAK GAME LAW; ARREST FOLLOWS

Market Proprietor Runs Afoul Statute for Having 140 Quail at Once.

B. T. Tuttle, of the firm of Hinnan & Tuttle, proprietors of the New Oakland market, Twelfth street, near Broadway, was arrested at 8 o'clock Saturday night for having in his possession more than 140 quail.

The arrest and seizure were made by W. M. Pervia, E. A. McMillan and C. B. Wood, deputy fish and game inspectors, who, suspecting the firm of having in its possession more than the limited number of 20 quail during one calendar day, made an investigation which resulted in the birds being found in the ice box.

Tuttle was released on bail this morning and will come up for trial tomorrow before Police Judge Mortimer Smith on the charge of violating the game law.

Tarantino Brothers, of 316 Clay street, morning at 8:30 o'clock by W. M. Pervia of Oakland, deputy fish and game inspector, for violation of the game law. Over 240 ducks and 13 quail were found in the possession of the firm. The 140 quail were released to anyone to have in his possession during one calendar day is 25, while it is against the law to have more than 20 quail in his possession at any time. They are a non-game bird and immune from hunters.

SITE TO BE FOUND FOR PIEDMONT CHURCH

A site for a new church for St. Leo's parish, recently organized in Piedmont by Rev. Father Owen Leary, will probably be chosen this week by the advisory council to the pastor, consisting of Leo J. McEntee, president, John Smith, secretary, and John Smith. The new parish is formed of a portion of the Sacred Heart parish and St. Francis de Sales parish.

The Sunday school of the new parish is to be organized in the near future. The choir was heard for the first time yesterday at the services at Mowbray hall, with Miss Mary Steele at the organ.

Sedentary habits, lack of outdoor exercise, insufficient ventilation of food, constipation, a torpid liver, worry and anxiety are the most common causes of stomach troubles. Correct your habits and take Chamberlain's Colic, Cholera and Diarrhoea Remedy. It will soon be well again. For sale by Osgood Bros. Drug Store.

CHECK RAISER GETS TEN YEARS

Next Week Dresser Will Have to Stand Trial on Another Charge.

SAN FRANCISCO, Jan. 30.—George Dresser, who, with Olat Ejerke, was implicated in the raising of Wells-Fargo money orders and who was found guilty by a jury, was given ten years in the state prison at Folsom yesterday by Superior Judge Dunne this morning. This is three years more punishment than was meted out to Ejerke, who was sent to San Quentin on Saturday. Incidentally, Judge Dunne recommended that Dresser be again tried on one of the other charges against him and the district attorney was directed to once more bring him before a jury next week.

Both men are ex-convicts and desperate characters.

LODGEMEN TO HOLD ANNUAL CELEBRATION

The annual dinner of Oakland Lodge, No. 252, I. O. E. B., will be held tomorrow evening in Piedmont Park clubhouse, where the members will entertain their wives, who will be the guests of the lodge on that evening. Milton Schwartz, president of the local branch, will preside as toastmaster. Many of the past grand presidents of the order will respond to toasts. Among the speakers will be Abraham Jonas, Rev. Dr. M. Friedlander, W. H. Wasserman, Judge George Samuels, Harry Newburgh and Morris Schneider. The committee in charge consists of Joseph Heymann, F. S. Rittigstein and Jack Salinger.

EIGHT TORPEDO BOATS JOIN MOSQUITO FLEET

SAN DIEGO, Jan. 30.—Eight torpedo boats and destroyers of the Pacific fleet this morning for San Pedro and Santa Barbara channel. It is expected the little craft will return here with the ships of the armored cruiser fleet.

Spring maneuvers and target practice of both fleets are scheduled to take place off the Coronado islands, near San Diego.

REPORT BOILER IN FAIR CONDITION

Inspector Tells Supervisors Result of Examination at Infirmary.

Report was made to the Board of Supervisors this morning on the inspection of the Horizontal Return Tubular boiler at the Alameda County Infirmary by Inspector Robert Hill of the Hartford Steam Boiler Inspection and Insurance Company. The inspection was made January 22, 1911, and was both internal and external. Internally, the report says, the boiler was found in fair condition. The rivets were found sound and tight, while the flanges of heads showed no signs of visible defects. In various places the boiler was found to be partially covered with sediment and various parts coated with hard scale. Recommendations were made as to the quickest and best method for getting rid of the trouble.

GOOD EXTERNALLY.

Externally, the boiler was found in good condition. The rivets, seams and tubes showed no signs of leakage and the blow off pipe appeared sound and firm. The safety valve was found to be in excellent condition.

The report further observes that little time is allowed for scaling and cleaning the boiler and suggests that could more time be allowed, it would result in a saving of fuel. The management of the infirmary shows excellent care and attention, says the report in conclusion. The communication was ordered filed.

MCCARTHY IS NAMED COUNCIL LECTURER

Leo J. McCarthy, one of the most active members of Oakland Council No. 734, Knights of Columbus, has been appointed lecturer of the local order by Herbert J. Quinn, the newly elected grand knight. McCarthy is thoroughly qualified to fill the requirements of his new appointment, having on the famous Celtic exhortation while in his junior year at St. Francis college, from which he graduated, taking his degree of letters in 1904.

PENSION FOR MANUEL

LISBON, Jan. 30.—The Diario de Noticias announced that the Portuguese government has decided to pay a monthly pension of \$3000 to the deposed King Manuel. A check for October, November and December already has been sent to him.

EMERSON'S ESSAYS ENTER POLITICS

"The Conservative" Mailed to New York Republicans by Gruber.

NEW YORK, Jan. 30.—Emerson's Essays figure as a political document for the first time in the New York Congressional District, Tuesday, over by Colonel Abraham Gruber, who attained prominence in the last Congressional campaign by his pronounced hostility to Colonel Roosevelt, and the "conservative" type of Democrat, Roosevelt and his followers. During the last twenty-four hours, every Republican in Gruber's district has received a small, neatly bound pamphlet containing Mr. Emerson's essay, "The Conservative."

The cover is the "I" scribbled by Mr. Gruber.

"To the enrolled Republicans of New York City:

"May I ask you to accept with my compliments this copy of a great essay? It will bear careful reading and then frequent re-reading. It argues both sides of an ever-present question in the life of every man and woman and every government."

The exact political bearing of this appeal is not disclosed by Colonel Gruber.

FAWCETT EXPAINS ANTI-TREATING LAW

TACOMA, Wash., Jan. 30.—Mayor Fawcett announces that members of the California, Ohio, Virginia and Minnesota legislatures have written him for copies of his anti-treating ordinance recently passed by the local city commission, which will be submitted to Tacoma voters on March 21.

Mayor Fawcett has a large family, including several young sons. He declares it to be his ambition that both his own sons and other young men shall not be subjected to temptations caused by the treating habit when the young men are out with convivial companions.

In addition to this, he brought his anti-treating ordinance forward as a means of carefully thought out of pursuing a golden mean between abstinence and prohibition and a wide-open policy.

No other measure proposed in this State has provoked such strenuous discussion. Mayor Fawcett is in daily receipt of many inquiries from legislators, preachers, liquor men and others requesting copies of the ordinance. Fawcett believes it will eventually be enacted into State law in Washington. Local liquor men are quietly organizing to fight the ordinance during the few weeks of the campaign.

DESPONDENT LABORER COMITS SUICIDE

C. Viani, a laborer, residing at 2650 Union street, committed suicide in a room at his home yesterday morning by shooting himself in the head with a revolver. Despondency over ill health is given as the cause of suicide. Viani, who was 35 years old and a native of Italy, is survived by his wife and two children.

AVIATORS FLY TO ESCAPE CROWD

Brave Gale to Get Away From Over-Enthusiastic Souvenir Hunters.

HOUSTON, Tex., Jan. 30.—Foreed to land because of darkness in a field nine miles from the aviation grounds, Roland B. Garros, the aviator who, to escape the ravages of souvenir hunters, flew into the teeth of a gale yesterday, stood guard over his machine for several hours.

Reno Simon, who also was forced to take to the air, landed hardly a mile from the grounds.

Garros and Simon had just returned after brief flights in the fact of a three-five-mile-an-hour wind, when the over-enthusiastic spectators broke through the barriers. Before the machines could be returned to the hangar the crowd had surrounded the aviators and their craft were pulling on the machines, threatening to tear them apart, when hurried orders were given to rescuers. The revolving propeller blades drove the crowd back.

Simon flew low and came to earth as quickly as he was out of range of the crowd. From the grounds, however, the last seen of Garros was a speck in the sky about 2000 feet up, headed east. Automobiles were sent in search of him and it was not until 11 o'clock last night that he was found.

OFFICER SOARS IN AN AEROPLANE

Lieut. Ellyson Makes Short Flight at San Diego.

SAN DIEGO, Jan. 30.—A commissioned officer of the United States navy flew in an aeroplane yesterday for the first time in the history of the navy. The flight was made by Lieutenant Theodore G. Ellyson in a Curtiss biplane and was witnessed by 16,000 people who had gathered on the polo field of the Country Club of Coronado.

Lieutenant Ellyson's flight was of short duration, the distance covered being not more than 300 yards, but the machine rose to a height of fifteen feet and the operator handled it like a veteran aviator.

Previous to the flight by Ellyson, Lieutenant J. C. Walker of the United States army drove a Curtiss machine over the field at a speed estimated to be thirty-five miles an hour, but did not attempt to take it off the ground.

"The air was heavy and we will yesterday and the aviators pronounced the conditions for flying to be absolutely perfect," said Lieutenant Ellyson. A Curtiss biplane, made several flights and once he had with him five miles. Aviator Ellyson, a former exhibition pilot of the death-flying dip and executed a series of thrilling and dangerous as Arch Hoxsey.

RAILWAY POSTAL CLERKS ORGANIZE

Brotherhood Effected and Radical Changes in Present System Demanded.

ST. PAUL, Minn., Jan. 30.—After forming a permanent secret organization to be known as the Brotherhood of Railway Postal Clerks, 700 railway mail clerks, representing 2000 clerks from the Northwest, yesterday adopted resolutions demanding radical changes in the present system.

As an evidence of their intention to see that their demands are given a hearing, the clerks turned over to the officials of the new organization, signed resignations, to become effective whenever 75 per cent of the signers deem it advisable.

The clerks explain that they cannot strike and their only recourse is to resign.

SOLON SEEKS SCALP OF TAFT APPOINTEE

WASHINGTON, Jan. 30.—Senator Piles is demanding the scalp of President Taft's choice for collector of customs for the State of Washington. Frederick C. Harper was nominated for the post Friday and now Piles is laying plans to have the nomination rejected on the ground that Harper is personally obnoxious. Piles has for two months been importuning the President to name his brother, Matt Piles, of Seattle, as collector of customs at the President has refused.

President Taft has stated that he recommended Harper because he has "good" as collector at Seattle. Harper has the backing of Senator Wesley L. Jones, Washington's junior Senator, and this fact has served greatly to widen the breach already existing between Piles and Jones.

White Diamond Water is pure.

WARE FLUFFY RUFFLES.

"Do not pick her because she is particularly attractive at a tea party or because she dazzles in the ballroom. I advise you to make her very good acquaintance if you chance to meet her under these circumstances, for the fluff and extravagance that sort of girls are not much given to steady home life and to a perpetuation of the race."

Dr. Wheeler was warmly applauded at the conclusion of his lecture by the large crowd that had made his appearance in spite of the inclemency of the weather.

Before the address those who were in the lobby were entertained for more than half an hour by the M. C. A. musical quartet, under the direction of John Coombs, preceding 17. Wheeler's address, two thoroughly appreciated vocal numbers were rendered by the Athens quartet, which is composed of the following young men: H. B. Kline, Edwin Hutton, Charles Kolling and Clinton Kimberlin.

EAST OAKLANDERS FORM CIVIC CLUB

Steps Will Be Taken to Secure Recognition From City Government.

The East Oakland Business Men's Association met last night in Pierce Hall, East Twelfth street and Sixth avenue, and a number of new members were enrolled.

The speakers discussed the importance of a civic club for the large district bounded by Lake Merritt and including the annexed district, much larger than any other in the city. Steps will be taken to secure many improvements among them being more recognition from the city government.

Many representative merchants and manufacturers of the district have joined the club or expressed their desire to do so, and therefore the organization will be able to accomplish a great deal of good for the section. It is said that it is growing four times as fast as any other part of the city and that by combination the principal taxpayers will be in a position to ask for things that have been denied in the past.

Among the projects which will be taken up is the improvement of the Brooklyn basin, upon which many manufacturers are located. It was pointed out last evening that the manufacturing section was growing rapidly and it was expressed that had bought sites or were about to buy them. George S. Paine is president of the association.

RAGPICKER JAILED FOR ALLEGED FRAUD

WASHINGTON, Jan. 30.—When the Washington police yesterday canceled a quantity of old paper money recently by punching little crescent out of it with the new machine, just adopted some one forgot to burn the punchings according to orders and carried and disposed with making a fair thing in a report of a fraudulent claim against the government.

What looked like a million dollars chopped into tiny bits was discovered on the city dump heap a few days later and caused great excitement among the ragpickers. During the process, a ragpicker made an affidavit in which he swore his little daughter had cut out a ten-dollar bill, two five-dollar bills and five one-dollar bills, a dozen of the little crescent. He was arrested and charged with making a false affidavit in support of a fraudulent claim against the government.

MEMBER OF 'ARSENIC CLUB' AGAIN IN LAW'S TOILS

NEW YORK, Jan. 30.—An ex-fugitive from justice since last June, Joseph P. Hinkley, the alleged leader of a notorious gang of horse poisoners, which had become known as "The Arsenic Club," was back in the Brooklyn jail today. He was arrested several weeks ago while making a trip in the crowd on aviation field at San Francisco. Tolstun and two others, while out on \$5000 bail, took to their heels last May. The other two are still at large.
